### CEU Rulemaking

Mark gave some background to the proposed changes in the rules. The revisions would allow for the licensees to take all of their CEUs online.

**September 2023-01 (Lineberger/Griffin) I move we move forward with the rulemaking process and allow the Board attorney and Board staff to submit .501, .502, .503 to the rules review commission for review and go through the rulemaking process. No discussion. All in favor. Motions carries.**

### 2023 Renewal CASLI Exam Results

Mark gave an update on the policy and what it would allow. He spoke to someone at CASLI and they are still behind on grading the performance exam. This is not an extension this is a grace period. This language has been reviewed by our legal counsel and she approved this language. CASLI is still catching up on grading the tests.

Nicole discussed that there may be potential to allow for another grace period of the CASLI results if at the December meeting there are still several interpreters who have not received their results yet.

Mark gave some more background on the CASLI raters and grading the performance results. Dave had some questions about the timeline.

Further discussion of the time limited grace period. Caitlin commented that this is a Board policy and that the Board can make changes as needed.

**September 2023-02 (Alleman/Griffin) I move we adopt the Board policy to allow provisionally licensed interpreters who took the CASLI NIC performance or CDI performance on or before June 30, 2023 and have not received their results yet, be given a 90-day grace period to continue working while they wait on the results of their exam Nicole, second Alicia. All in favor. Motion carries.**

Move we adjourn, Mark
